

Education Business Leader

East Coast Campus (Hastings)

- Aspirational and progressive education environment
- Key leadership role
- Hastings based

“Our teaching professionals are learning coaches. They make learning visible and facilitate students to become self-directed in their personal discovery of where they are, where they are going and what they need to do to get there.”

Westmount School is a Year 3-13 independent special character school with an innovative approach to education that prides itself on having excellent facilities, motivated students and a supportive community behind it.

With 14 campuses, 160 teaching staff and over 1,300 students, Westmount delivers the full New Zealand curriculum within a progressive culture. The school’s vision of personalised learning for all students ensures that they are able to maximise their full learning potential by offering small class sizes within a well-resourced, supportive and collegial team environment.

Reporting to the Regional Principal (Central Region), the Education Business Leader is a member of the Senior Educational Leadership Team providing operational leadership of Westmount’s East Coast Campuses in Hastings and Gisborne. He/she will be responsible for the day to day management of staff and students, and will have a significant role in nurturing positive relationships between students, staff and the wider campus community.

Exceptional communication and relationship skills, and proven experience leading teams are critical, as is respect for the School’s ethos and values. While not essential, a background in teaching or experience in an education setting would be an advantage.

This is an exciting opportunity for candidates dedicated to providing effective leadership in an innovative and modern learning environment. Remuneration and benefits are commensurate with the high level of candidate expected.
